Docket No. 98N-1265  
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have used compounded natural hormones for over three years. They have alleviated the menopausal symptoms I had experienced before. I do not support the MOU restricting the availability of individually compounded medications. I object to the definition of "inordinate amount," I am concerned that this would interfere with the treatment program I am on now and I would not be able to maintain it through the commercial pharmaceutical manufacturers or from the local pharmacies.
